

Why Did Coinbase Ask for More Identity Verification Before Withdrawal? !!!CoinBase`@`HeLp!!!

If Coinbase needed extra steps in identity verification in order to approve the withdrawal, it's due to regulatory pressure and your account's safety 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. Coinbase may require you to upload other documents to prove your identity if you are moving a larger amount of money or something about the transaction seems out of the ordinary 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. Get the ID or documents uploaded ASAP b/c who knows you might have to wait forever if you don't 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. If you feel like your verification is going nowhere and it isn't making sense to you, don't be obscure 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. Call for Assistance at 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】.

Why Is Coinbase Taking Days to Process My External Wallet Send?

If your Coinbase send to the outside wallet is delayed for a few days, it's typically because of heightened security checks, network congestion or large transaction checks 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. Coinbase sometimes freezes withdrawals to check that you are the one making the transfer and to prevent fraud from being committed against your account 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. Look/go to your email for any outstanding verification requests 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. There is no update after 24 hours, please reach out to Coinbase Support and ask them to trace your transaction 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】.
